

## How to Create an Account in Moodle.

Register your name and other particulars.

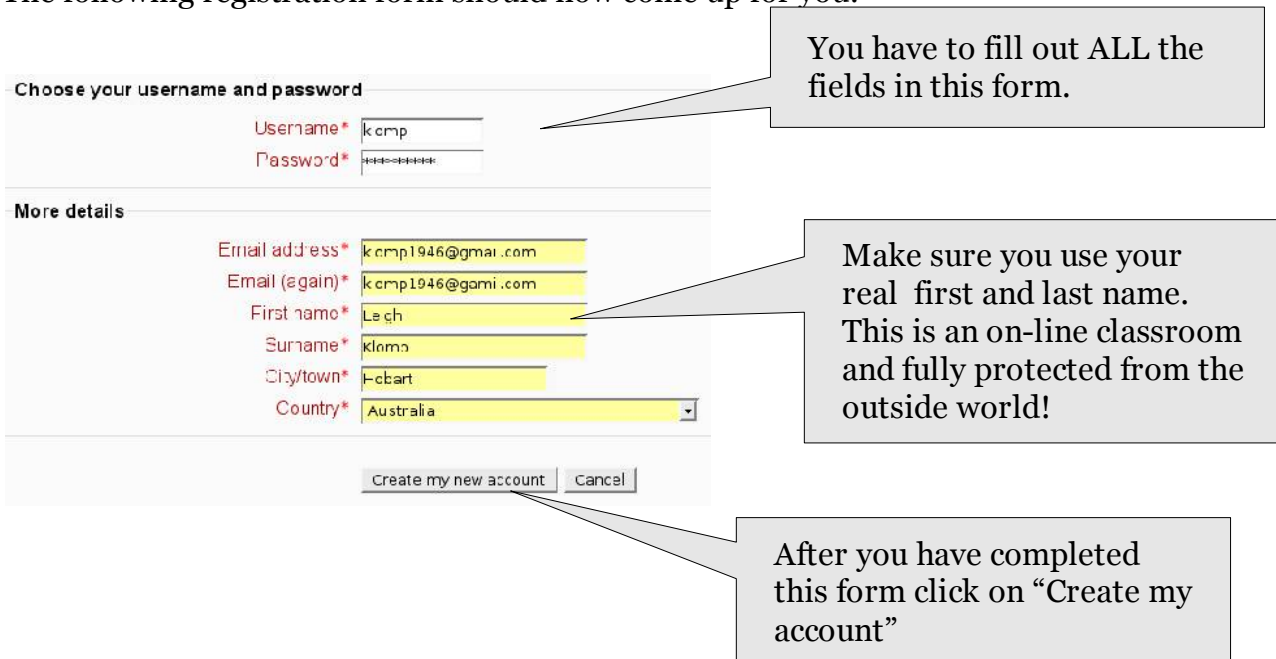

When you open at <http://www.tl21.org/hobartcollege> you will find the login link on the top left hand corner of the Moodle screen.

The following screen will appear for you.

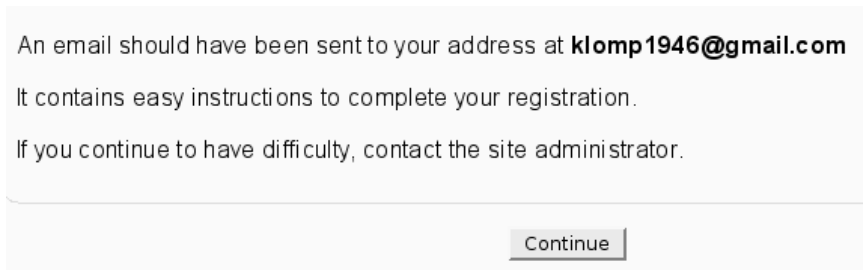

The following registration form should now come up for you.

It is very important that you read all the instructions given to you my Moodle.

**Do NOT log in at this stage with your new username and password!**

After you clicked "Create new account" the following message should appear for you.

**Open your email to view the message and instructions mailed to you.**

**This is the verification process and you will not be able to use Moodle unless you have completed ALL the instructions in your email.**

Open your email and you should have a message from the Moodle administrator like the one below.

Hi Leigh Klomp,

A new account has been requested at 'Hobart College Moodle' using your email address.

To confirm your new account, please go to this web address:

<http://www.tl21.org/hobartcollege/login/confirm.php?data=Z6rX096XrhksVCj/klomp>

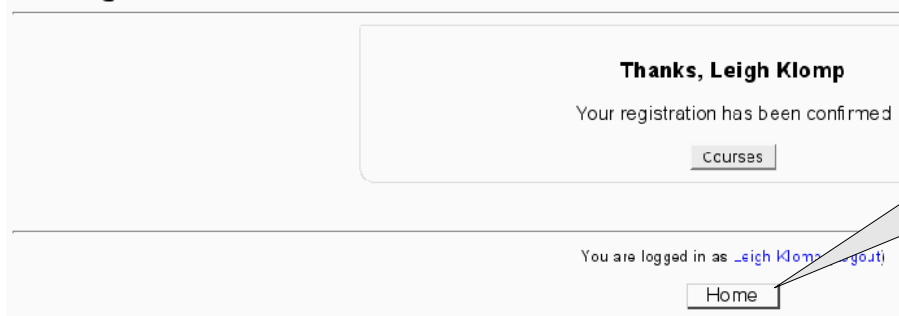

In most mail programs, this should appear as a blue link which you can just click on. If that doesn't work, then cut and paste the address into the address line at the top of your web browser window.

If you need help, please contact the site administrator, Dirk Koudstaal ([admin@tl21.org](mailto:admin@tl21.org))

Click on the link in your email or cut and paste this link in the address bar of your browser.

This screen will come up in your browser after you clicked on the link in your email from Moodle. If you have any difficulties contact me on [admin@tl21.org](mailto:admin@tl21.org) for more help.

**Your registration has been confirmed**

Click on the "Home" button and will open the Moodle Hobart College home page!
